WHO WE ARE

# THE CASINO ROYALE GALA

A FUNDRAISER IN SUPPORT OF VETERANS & MENTAL HEALTH

**About Operation: Heal Our Heroes** [www.operationhoh.com](http://www.operationhoh.com)

Operation: Heal Our Heroes (HOH) was founded with a mission to support the brave men and women who have served our nation. The organization addresses the urgent challenges of Post-Traumatic Stress (PTS) and veteran suicide, providing mental health resources, advocacy, and community-driven support systems. HOH is dedicated to ensuring no veteran is left behind in their transition to civilian life.

Operation: Heal Our Heroes has partnered with organizations that can effectively provide the attention and care required for the thousands of soldiers, sailors, airmen, and Marines who have endured and continue to bear the psychological burdens associated with our country's time at war.

**About Operation Patriots FOB** [www.OPFOB.org](http://www.OPFOB.org)

Operation Patriots FOB (OPFOB) is dedicated to creating and fostering positive experiences for veterans, active duty military, first responders, and their families by connecting through outdoor and recreational activities. On average, every day 22 veterans lose their battle with invisible wounds. More first responders die by suicide than in the line of duty. At OPFOB, we're changing their story. As veterans and first responders, we know the struggles don't end when we come home. OPFOB is where our brothers and sisters can find healing, rebuild connections, and rediscover their purpose.

OPFOB offers connection and camaraderie on a 268-acre preserve in Ridgeland, South Carolina, just 90 minutes from Charleston. Here we build bonds through outdoor and recreational activities, fostering connection and hope, all of which create a renewed sense of purpose. Our services are 100% FREE to those we have served. Committed to mental well-being and lasting camaraderie, OPFOB empowers service members to find their purpose beyond the call of duty.
